#### **REVENUE CHALLENGES**

- It took sixteen (16) years to realize the full foundation aid formula after it was proposed to be a 4-year phase-in.
- Foundation aid review still needs additional work. Anticipated small increase in foundation aid. More data will be reviewed as the state budget is developed.
- There is never a guarantee of any increase in future years. Hopeful for a hold harmless/CPI increase on foundation aid.
- While the "working formulas" are based on the previous years information, it can and likely will change ie; private and public excess cost aids.
